CHECKLIST FOR HOSTING FULBRIGHT SCHOLARS AT BAYLOR

Fulbright scholars who select Baylor university as their host institution are considered international exchange visitors. Their primary support is provided by the United States Congress through the U.S. Department of State Bureau of Educational and Cultural Affairs (ECA). CIES, a division of the Institute of International education (IIE) administers the program and processes the immigration documents needed for the visa application process and travel to the U.S.

The academic department hosting the scholar has primary responsibility for completing the IIE Institutional Reply Form (IRF) and any other required documentation. In addition, the host department must designate a specific individual to serve as the main point of contact with IIE, prior to the scholar’s arrival and during the length of stay.

The role of the Baylor Center for Global Engagement (CGE) in this process, is to provide clarification as needed to the department. CGE also plays a role in welcoming the scholar upon arrival at Baylor and ensuring that the scholar has the tools needed to maintain immigration status and participate in cultural activities as stipulated by the U.S. Department of State. CGE does not have a role in the processing of the DS-2019 for the Fulbright Scholar. This process is managed directly by the Department of State and its affiliated offices.

Below are helpful steps to follow:

1. Plan a meeting with the Assistant Director of International Student and Scholar Services (CGE office) to review the processes and guidelines and to learn about available resources.
2. Expect to receive communication from the IIE contact person, including the Institutional Reply Form (IRF).
3. Complete the IRF, have it signed by the Dean of the department, and returned to the IIE contact.
4. Prepare the letter of invitation for the Fulbright Scholar (NOTE: A Fulbright is not a Baylor hire).
5. Request Contingent Worker Status for the Fulbright https://www.baylor.edu/hr/index.php?id=969199.
6. Designate a person in your department to assist the Fulbright with finding housing and with other in-kind assistance.
7. Communicate with the Scholar before arrival to campus and, if possible, arrange to pick up the Scholar from the airport and welcome the Scholar to campus.
8. Introduce the scholar to the CGE office. Our office will make the Scholar aware of resources, trips, and activities that will be helpful in making cultural adjustments.

The Center for Global Engagement is happy to serve as a resource for your department and to answer questions throughout the process.
